Financial Advisor Magazine – RIA Survey

This annual survey is performed by *Financial Advisor Magazine* as a means of measuring growth among independent advisors across the U.S. Firms must be registered investment advisors and provide financial planning and/or related services to individual clients. All firms must be either independently owned or a freestanding subsidiary of another business. Data is provided by each firm, mostly from numbers and information published on their Form ADV, including assets under management. Each participating advisor is then ranked alongside their participating peers.
